

MANY MINDS AND PENS GO TO MAKE UP A LIVE LOCAL PAPER.

The "Virginia Citizen" has Fifty-seven Correspondents on Its Staff. A Year's Work has Succeeded in Collecting the Portraits of Two-thirds of Them, Which It To-day Presents to Its Readers.

FRED. KIRKMYER, Typo. W. J. C. L. Editor. ED. DOWNING 'BEGUN, Typo. F. L. WAGNER, Editor Local Corr.

Rev. J. O. BABCOCK—"Alpha Beta," Lancaster.

B. S. HAMMONDS—"Auntie Spec."

TWO hundred bushels of Potatoes remove eighty pounds of "actual" Potash from the soil. One thousand pounds of a fertilizer containing 8% "actual" Potash will supply just the amount needed. If there is a deficiency of Potash, there will be a falling-off in the crop.

We have some valuable books telling about composition, use and value of fertilizers for various crops. They are sent free.

Is Baby Too Thin?

If so, there must be some trouble with its food. Well babies are plump; only the sick are thin. Are you sure the food is all right? Children can't help but grow; they must grow if their food nourishes them. Perhaps a mistake was made in the past and as a result the digestion is weakened. If that is so, don't give the baby a lot of medicine; just use your every-day common sense and help nature a little, and the way to do it is to add half a teaspoonful of

SCOTT'S EMULSION

to the baby's food three or four times a day. The gain will begin the very first day you give it. It seems to correct the digestion and gets the baby started right again. If the baby is nursing but does not thrive, then the mother should take the emulsion. It will have a good effect both upon the mother and child. Twenty-five years proves this fact.

Sole and Gen. all druggists,
SCOTT & BOWNE, Chemists, New York.
